

# PDU Online Workshop on Early-phase clinical trials

The PDU is pleased to invite you to an **online workshop on early-phase clinical trials** designed especially for academic researchers engaged in translational development. This workshop will provide an overview of the key steps in planning and conducting first-in-human clinical trials, including clinical trial applications via CTIS, regulatory aspects specific to early-phase clinical trials and things that have to be considered early-on.

**7<sup>th</sup> May 2026**

**3:00 – 5:45 pm CET, online**

**Participation:**

Only for members of DZG and  
CARB-X and INCATE portfolio companies

**Organizers:**

Product Development Unit (PDU)  
German Center for Infection Research (DZIF)
